

# A MUST HAVE FOR ANYONE'S BOOK SHELF!

Combining a comprehensive guide to holistic skincare with stunning visuals and inspirational quotes this book is an invaluable reference guide and a pick-me-up all in one!

Included are chapters on nutrition, exercise, stress and holistic practices plus unique chapters on retail and visual merchandising.

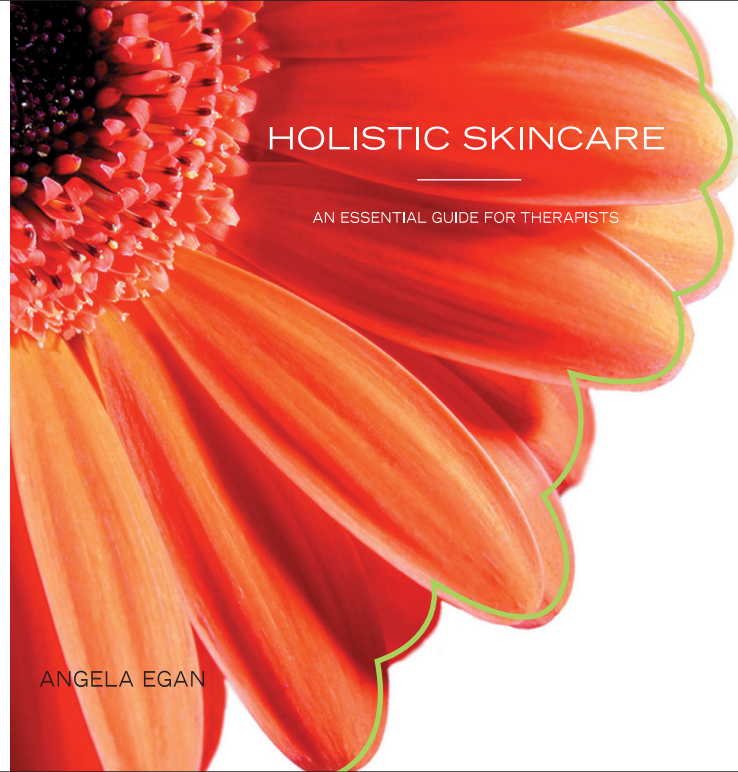

This book will also appeal to anyone who is concerned about the damaging effects of ingredients in popular skincare products, unmanaged stress and poor nutrition.

Internationally renowned holistic beauty therapist Bharti Vyas has described the book as ".... an excellent guide for therapists, which is highly informative and beautifully illustrated"
